The Snowstorm of February 2010

The photo is our Chamber Director of Communications' front yard during the height of the snowstorm. This was a great day for businesses selling snowblowers and shovels.

What Do You Think?

The 2010 Legislative Committee wants to know what you think. With the federal and state government under financial stress, health care reform on the docket, as well as increasing costs of energy, there are plenty of issues that we can weight in on.

While our voices may seem small, grass roots efforts are where anything worthwhile begins. Our voices, coupled with other Chambers, can and will affect policy that will make Pennsylvania a viable place for businesses and employees to thrive.

Who is the Legislative Committee and what can the Committee really do? Local business owners, government officials and or staff, and individuals simply concerned with policy issues currently make up this small group. We meet on the 3rd Thursday of each month at noon at Lily's on Main Restaurant. You can email Josh at joshg@doupleinsurance.com if you are interested in attending these meetings.

As we begin to look at the 2010 issues as well as into the future, we need your suggestions. Do you have any issue on your mind? Email Josh at joshg@doupleinsurance.com and the committee will review all of your responses and try to incorporate your concerns into the monthly agenda. If you don't speak up, your voices will never be heard!

Sincerely,
Josh Gluck
Legislative Committee Chair
